Organic Waste All Treated and Recycled (Hungkuang University, Taiwan)	

Description:

In Hungkuang University, the only structures that produce organic waste are canteens. The canteens manage the organic waste through contracts with Taiwan Environmental Services Company. The Company collects the organic waste and used for pig fodder.

Year/Item	Total food waste (metric ton)
2021	16.18
2022	15.32
